A Message To Our Valued Customers

At Stamp-Connection, we're committed to providing you with the best customer service in the industry, all while helping you find the marking device that best fits *your* needs.

We value the long term relationships with our customers more than the small profit we could make on one rubber stamp sale. That is why we offer our 100% Satisfaction Guarantee. If for any reason you are not satisfied with the stamp you have ordered, we will fix or replace it, regardless of the error.

With over 100 years of combined experience, our team at Stamp-Connection can help you find the right stamp or marking product. Order Online, Call, or See us at our office in Portland, Oregon. Ordering stamps should be as easy as possible and we are here to help make that happen.

In 2026 our goal, as always, is to provide you with quality products, fast turnaround, and outstanding customer service. We look forward to working with you and for you!

Please feel free to contact us with any questions, special quote requests, or complex orders. We look forward to doing business with you!

COLOP PRINTER RECTANGLE

COLOP stamps are the exact same as the 2000 Plus line, just with a different name.

These self-inking stamps are light-weight and perfect for fast, repetitive stamping.

COLOP "Printer Compact" stamps cover the same size range as the standard core line but feature a sleek, ergonomic design. The optional protective cover keeps your stamp clean and secure, making it perfect for travel or storage without ink smudges.

*Cover available for the PC20, PC30 and PC40 models only.

COLOP EOS SERIES MULTI-SURFACE

Multi-Surface Pre-inked COLOP EOS Stamps are created using the latest in light burst stamp technology, and features alcohol-based ink that dries on non-porous surfaces. Multi-Surface Pre-inked Stamps will stamp a clean impression on glossy paper, photos, fabric, glass, metal and many more surfaces that a regular pre-inked rubber stamp will not.

IMPORTANT! Multi-Surface pre-inked stamps utilize an alcohol based ink providing quicker drying on most surfaces. Unfortunately, some surfaces may have special coatings that slow the drying time and/or affect the print quality. Test a sample piece in an inconspicuous location before stamping the desired area. You should always have the bottom cover in place when not in use! Failure to do so will cause the ink to evaporate quickly. You should also keep the stamp in an upright position. If it becomes necessary to store a stamp for any period of time, add a few drops of ink in each hole prior to storage and a few more once a month to prevent the stamp from drying out completely.

VINTAGE PRO WOOD MOUNT STAMPS

COLOP Vintage Pro Knob Handle Wood Stamps are made in Europe using FSC certified beech wood. These eco friendly real rubber stamps will last for thousands of impressions. Designed to be used with fast dry industrial solvent based inks. The knob handle fits well in most hands and makes stamping your message easy! Wood based rubber stamps are mounted on a 2mm thick foam backing, to help get a perfect impression every time. The metal marking pen on the knob, helps indicate the direction of the stamp die plate.

Return Policy

If there is any typographical error or problem with the color of your order, regardless of how the error occurred, we will remake your order, in part, or in full, to rectify the situation. Simply call us or return your order within 30 days of purchase, along with instructions on how to correct the error. We are more interested in a long term relationship with you, than the cost it will take to correct your order. We strive to provide our customers with the highest quality, speed, and the best customer service we can.

See Return Policy exception for Fast Dry Stamps (page 16) and Embossers (page 24).

Artwork Guidelines

Please follow these guidelines when submitting custom artwork or designs.

- No multi-color images. Black and White graphics are required for a quality stamp impression.
- No overlapping grayscale images.
- No reversed images.
- No cell phone photos, screenshots or low resolution (fuzzy) images.
